

What Will We Be Doing and Why?

As we arrive at a New Year, a little more than two years since beginning these reflections on the parts and elements of the Mass, I come to the question of “*What now?*” The founding commission for this piece, by our Parish Council for Catechesis, was to go through the Mass step by step to reflect on what we do at Mass and why. As far as I can tell we have done that over the past couple of years, with additional related reflections along the way. As noted at the end of each week’s reflection, suggestions, ideas, and requests for other topics to address have always been welcome (though none have been forthcoming). Since I am loathe to try to come up with something to write about here just to have something to write about here just because I’ve been writing about stuff here for a couple of years, I will again invite suggestions, ideas, and requests for topics of interest or concern for this little corner of the Bulletin. Without such input, this space will become available for other Bulletin items.

Please let us know what else about our faith tradition you'd like to find out more about.
